

Continuing Education Credit Opportunity

On July 8, 2010, Senate Bill 1193 was signed by Governor Bev Perdue which implemented the Long Term Care Partnership Program (LTCP). As a result, several new agent requirements to market and sell NC LTC Partnership policies were issued.

In an effort to provide agents with all NC LTC Partnership resources, Capitol Financial Solutions (CFS), LTC Connection and the NC Association of Health Underwriters (NCHAU) formed a Strategic Alliance to aid producers in completing these additional requirements:

Initial 8 hour CE & Training must be completed by 12.31.11 (if NC MedSup/LTC license obtained prior to 03.07.11). *Failure to complete this training will result in agents not being permitted to sell any NC LTC Partnership products.*

After the initial 8 hour course, agents are required to complete a 4 hour refresher course every two years thereafter.

In partnership with the North Carolina Association of Health Underwriters, United Healthcare is hosting a continuing education class.

Tuesday, August 11

8:00 am Registration

8:30 am – 4:30 pm ... Class

United Healthcare Office • Second Floor
1001 Winstead Dr., Suite 201, Cary, NC
