TAHU Membership

Teri Gutierrez, Membership Chair

Well I just returned from another great symposium—pumped up and regenerated. I hope you had the opportunity to attend. There were several great speakers including talks about dental coverage, disability, health legislation and some inspiring words from our national NAHU President, John Nelson.

With the excitement of the 2006 NCAHU Symposium just over and with the Capital Conference fast approaching, I can't help but think of the many people who have given generously of their time and talent to making these events such a success. We all need to consider giving back to such a wonderful organization that has given us so much. Every June a new Board of Directors is elected and I am asking you to seriously consider serving on the Board or on one of the TAHU committees. Nominations will be solicited and accepted in March and April with the election in May culminating with the installation of officers at the June meeting. Please consider giving back to your association. Contact David Smith if you're interested in serving.

An application is in your HIU Magazine and online at www.nahu.org. Please take a moment to submit your application. This will assist us in next years Pacesetter and give you industry recognition.
